

4-head rolling burner V4/45

Art.-Nr. 0131 0000 + 0132 0000

For holohedral heat-sealing of bituminous roofing material.

- The whole width of the roofing material is melted simultaneously
- The burner can be tipped over via the big pulleys, so that the heat-seal position is changeable
- Head diameter of all designs 45 mm

Technical data:

| | |
|-------------------|------------------|
| Max. heat output: | 177,8 kW |
| Heads: | 4 x 45 mm |
| Total Length: | approx. 1.200 mm |
| Width: | 580 mm |
| Weight: | approx. 4,2 kg |

| Burner | Part No. |
