

Drying Roll

Art.-Nr. 5053 0000

Simple and effective!

Absorbs moisture from the roof.

Simple and effective thanks to a highly absorbent foam roller. The DRYING ROLL absorbs moisture over large areas and is ready for the next rolling run without releasing the liquid already absorbed. Its ergonomic shape allows for easy emptying by squeezing the foam.

Technical data:

Length x width:	approx. 1.300 mm x 600 mm
Weight:	approx. 5,5 kg

Accessories:
