

Graco Roof Sprayer GH5040

Art.-Nr. X0116U759

For spraying sealants, roof coverings and protective coatings.

The GH5040 is a powerful hydraulic spraying device that enable you to spray a wide range of materials: paints and airless sprayed mortar, roof coatings, sealant materials and protective coatings. The GH5040 can be customised to suit numerous applications. Exchange high pressure for high throughput.

- Robust steel frame construction
- Honda motor with electric start
- Recoil starter as failure protection
- Powerful 12 V charging system
- High-performance hydraulic system by Graco
- Even faster switchover
- O-ring seal prevents leakage
- Robust hydraulic lines for long service life

Technical data:

Motor:	9,7 kW Honda petrol motor
Max. nozzle size:	1 gun 0,067"
Max. pressure:	345 bar
Max. output:	13,2 l/min.
Weight:	approx. 197 kg

Accessories set:

GRÜN GmbH Spezialmaschinenfabrik
Siegener Straße 81 - 83 • 57234 Wilnsdorf-Niederdielfen
Tel.: +49 (0) 271 - 39 88-0 • Fax: +49 (0) 271 - 39 88-159
