

Hand wing pump

Art.-Nr. 51210000

For delivery of bitumen emulsion.

- robust, efficient hand wing pump for delivery of liquids with dynamic viscosity from approx. 75 m Pas to 4500 m Pas.
- large pressure container. Delivery of approx. 27 litres per minute at 88 double strokes
- the filled container is put onto the chassis and secured by a chain

Technical data

Delivery / capacity:	27 l/min
Length:	approx. 700 mm
Width:	approx. 870 mm
Height:	approx. 1.410 mm
Dead weight:	approx. 33 kg

Accessories

10 m spray hose 1 “, 3/4”	Art.-Nr. 16110000
5 m spray hose 1 “, 3/4”	Art.-Nr. 16120000
spray pipe 3/4 “with nozzle 3.0	Art.-Nr. 16219000
