

Hot-Air-Torches AirTronic

- For overlap welding of plastic sheets and bituminous membranes, for deforming and welding of thermoplastics, for preheating and thawing.
- Fully electronic controlled, 230 V, 50 Hz, temperature adjustment approx. 50° – 700° C, infinitely variable blower adjustment, follow-up cooling
- AirTronic 3000 T MIPS with nozzle 45 mm, digital display for temperature, heating capacity 3000 W

Part-No.: [5231](#)

- AirTronic 4000 T MIPS with nozzle 80 mm, digital display for temperature, heating capacity 3500 W

Part-No.: [5233](#)

Hot-Air-Nozzles for AirTronic 3000 T Round nozzle	Art.-Nr. 52308000
45 mm bended, buckled, right	Art.-Nr. 52308310
45 mm bended, buckled, left	Art.-Nr. 52308300
45 mm bended, left	Art.-Nr. 52308200
20 mm bended, buckled	Art.-Nr. 52308100
Hot-Air-Nozzles for AirTronic 4000 T 80 mm flach, abgewinkelt, abgeknickt, links	Art.-Nr.
80 mm flat, bended, buckled, left, for bituminous welding	Art.-Nr. 52308410
80 mm straight for preheating	Art.-Nr. 52308400
Silikon-rolle 40 mm	Art.-Nr. 15900000
Silikon-rolle 85 mm	Art.-Nr. 15890000
Ersatz-Heizpatronen AirTronic 3000/3000 T MIPS (ab 06/02) 3000 W, 230 V	Art.-Nr. 52315000
AirTronic 4000 T MIPS u. Quernath-Schweiss- gerät 4000 T MIPS (ab 06/02) 3500 W, 230 V, 16 A,	Art.-Nr. 52335000
