

Puddle Buddy suction and immersion pump

Art.-Nr. 5057 0001

Robust, portable all-metal pump that removes water up to a height of approx. 1 m above the floor surface via the protected rear inlet. Hose connector for 1/2", 3/4" and 1" hose.

- Power efficient residue pump & fitted with a thermal overload, which protects the pump against overheating
- Portable and versatile
- The top outlet and waterjacket design forces the pumped water to cool the motor, allowing prolonged use in low water levels
- Easy to use

including 10 m cable and additional suction grille

Technical data:

Suction motor:	230 V / 50 Hz / 150 W
Pump rate:	to 100 l/minute
Head:	max. 6,5 m
Weight:	approx. 5,25 kg
