Quick Release Coupling

Designed for pressure up to 4 bars, this plug-in system enables a quick changeover without shutting off the gas bottle – when the hose is disconnected, the valve automatically closes.

Quick Release Coupling with 5 m high-pressure hose 6,3 x 5 mm, and connecting nut 3/8″	1574 0000
Quick Release Coupling with 10 m high-pressure hose 6,3 x 5 mm, and connecting nut 3/8″	1575 0000
Quick Release Coupling comp. with hose clamp	1570 0000
plug nipple with connecting nut 3/8″ left	1572 0000
coupling with hose connector for 6 mm hose and hose clamp	1573 0000
