

RGTK 10.000 Ö – 2011

Used mastic asphalt boiler with horizontal agitator and hydraulic drive mounted on a trailer chassis.

Equipment:

- Cover of the drive unit
- Stage for safe opening of the filling lid
- Hydraulic tilting device
- Large hydraulically actuated outlet
- Agitator speed from 0 to 7 rpm continuously adjustable with reverse operation
- Monitoring of the agitator spindle visually and acoustically
- Reinforced boiler shell
- Working light
- Beacon light
- Last year the following works are done:
 - Inner shell repaired
- Maintenance Hatz Engine

Specification of the boiler:

Year of construction	05/2011
Type	RGTK 10.000 Ö
Manufacturer	GRÜN GmbH
Operating hours	approx. 13.100 h
Boiler shell thickness approx.	>9 mm
Filling capacity	10.000 Liters
Agitator drive	stepless hydraulically
Outlet actuation	hydraulically
Drive motor	3 cylinder Hatz Engine 34kW (Supra silent pack)
Heating	Fuel oil firing with 200 liters fuel oil tank

Specification of the chassis :

Chassis manufacturer	company Lück
Type of chassis	semi-trailer chassis
Year of construction	05/2011
Number of axles	3, first axle liftable
Raising and Lowering chassis	± 80 mm
Perm. Entire axle weight	24.000 kg
Perm. Total weight	35.000 kg
Empty weight incl. boiler	9.640 kg
Tyres	385/55 R22,5 160J
Profile	2 x 80% and 4 x 20%
TÜV certification	new

Sales Price	on request
Price	ex works + VAT
Time of delivery	on short call; subject of prior sale
Payment	Payable directly upon collectio

The boiler is overhauled and technically and optically in good condition.
The device is offered without warranty! Scope of supply: without truck!
