

VK 50 HR sealing compound boiler with temperature indicator

- For melting bituminous joint sealing material Manually operated propane vortex beam burner with drain cock for taking out the melted material
- Pointer thermometer for temperature control
- Double-wall insulation of outer casing of the pot
- Flame-shield protection plate in the combustion chamber
Heating provided by hot air

Description	VK 50 HR stationary	VK 50 HR with manual driving ass
Item no.	83710 0000	83711 0000
Boiler capacity	50 L	50 L
Heating	Indirect heating by flame-shield	Indirect heating by flame-shield
Burner power	11 kW	11 kW
Temperature indicator	yes	yes
Temperature control	no	no
Model	stationary	manual driving unit
Agitator	Manual agitator	Manual agitator
Approx. length	670 mm	1110 mm
Approx. width	720 mm	720 mm
Approx. height	1050 mm	1250 mm
Unloaded weight approx.:	51 kg	63 kg
Accessories		
3 m high pressure hose including 1.5 bar regulator	1501 0000	1501 0000
3 m high pressure hose including 1.5 bar regulator	1502 0000	1502 0000
