

Welding device ProStar

Art.-Nr. 52600000

Technical Data:

heating capacity:	13 kW
propane transfer rate: max..	1 kg/h
blowing unit	continuously adjustable
driving speed	continuously adjustable
outlet temperature of hot air:	up to approx. 900 °C
standard welding width:	approx. 100 mm with
voltage:	230 V ~ AC
Art.-No.	52600000
