

Wide Area Rolling Burners

Art.-Nr. 0133 0000

4-heads or 7-heads for holohedral heat-sealing of bituminous roofing material. The hole width of the roofing material is melted simultaneously.

The burner can be tipped over via the big pulleys, so that the heat-seal position is changeable. Head diameter of all designs 45 mm.

Burner	Part-No.
V7/45 7-heads 312,7 kW (265.000 kcal./h)	0133 0000
